Re: Lavagear Inc. v. Okamoto USA, Inc., 12-cv-02317

Dear Judge Gold:

We are counsel for plaintiff in this case. We write to update the Court as to the pending reexamination. On March 11, 2015, pursuant to a granted extension request, Lavagear filed its briefing in the reexamination proceeding. No specific due date is set for the USPTO Examiner's Answer. After the Examiner submits its Answer, a Reply Brief may be submitted by Appellant in certain circumstances (*e.g.* where the Examiner raises new grounds of rejection). We will keep the Court updated of developments in the reexamination as they arise.

Very truly yours,

/Henry J. Cittone/
